INSTALLATION / DELIVERY – POA

To minimise the risk of wind damage **ALL** shelters need to be secured to the ground. We recommend our ground anchor kits are used in all installations bar those on very sandy soils and concrete. It is the **customers responsibility** to ensure the building is adequately

The Environment

Blackdown Buildings Ltd recognises its responsibilities to base its commercial activities on purchasing its timber from well managed forest sources.

We are committed to buying all our timber requirement's from legal and renewable sources and will seek evidence that our suppliers are in compliance with this policy.
