All Prices Exclude VAT

INSTALLATION / DELIVERY – POA

Eaves height 2100mm

Canopy projection 1100mm

Ridge height 2700mm

To minimise the risk of wind damage ALL shelters need to be secured to the ground. We recommend our ground anchor kits are used in all installations bar those on very sandy soils and concrete. It is the customers' responsibility to ensure the building is adequately secured.

The Environment

Blackdown Buildings Ltd recognises its responsibilities to base its commercial activities on purchasing its timber from well managed forest sources.

We are committed to buying all our timber requirement's from legal and renewable sources and will seek evidence that our suppliers are in compliance with this policy.
